Additional Verses (may be added before final verse):

- a) When I hear a sister scorned
And when I see a brother mourned,
Expand the breadth of my embrace
As I am able with your grace,
As Damien did with your grace.
- b) They who cry out for relief,
Held captive by the waves of grief,
Embolden me to quell their pain
So joy and tenderness remain,
Your joy and tenderness remain.
- c) In the face of deep despair,
When hopelessness is everywhere,
Give me the strength to stand again,
Grant me the heart of Damien,
The steadfast heart of Damien.
